## 4. **Policy Framework**

### 4.1. **Dealing with Competitors**

- 4.1.1. In today's marketplace, competitors interact in many ways, through trade associations, professional groups joint ventures, standard setting organizations, and other industry groups. Deltafinochem encourages such dealings, provided they are fair, ethical and transparent in nature.
- 4.1.2. Associates must be aware of antitrust risks in their interactions with competitors and must maintain caution at all the times during their dealings with competitors.
- 4.1.3. We must ensure that no collaboration with competitors should violate Competition Laws.
- 4.1.4. Deltafinochem shall not, under any circumstances, engage in Price Fixing with any competitor(s) or supplier(s). Deltafinochem will establish prices and other terms on its own, without agreeing with a competitor.

4.1.5. Price Fixing does not relate only to prices, but also to other terms that affect prices to consumers, and therefore, we shall not disclose any such information to the competitors. This could include any matters, including but not limited to:

- 4.1.5.1. Present or future prices
- 4.1.5.2. Shipping Fees
- 4.1.5.3. Warranties
- 4.1.5.4. Financing Rates
- 4.1.5.5. Pricing policies
- 4.1.5.6. Promotions
- 4.1.5.7. Bids
- 4.1.5.8. Costs
- 4.1.5.9. Capacity
- 4.1.5.10. Terms and conditions of sales, including credit terms
- 4.1.5.11. Discounts
- 4.1.5.12. Identity of customers
- 4.1.5.13. Allocation of customers or sales areas
- 4.1.5.14. Production quotas
- 4.1.5.15. R&D Plans

4.1.6. Competitive information and / or intelligence, must only be collected through legal and ethical means such as published news, press releases, information available in the public domain, etc.

4.1.7. If any unauthorized or confidential information is received about a competitor, we must not use this information and notify the Chief Compliance Officer immediately.

4.1.8. No Deltafinochem associate shall interact with persons in other entities to control or restrict production, supply and distribution of Deltafinochem's products in the market. Furthermore, any research and innovation efforts at Deltafinochem must not be influenced by discussions with competitors, that restricts production.

***Indicative scenario – A:***

*Our company monitors competitor's ads, and we sometimes offer to match special discounts or sales incentives for consumers. Is this a problem?*

*No. This information was obtained through information available in the public domain. Matching competitors' pricing may be good business, and occurs often in highly competitive markets. Each company is free to set its own prices, and it may charge the same price as its competitors as long as the decision was not based on any agreement or coordination with a competitor.*

4.1.9. Associate must never coordinate or collude with competitors by discussing bid amounts for winning contracts. Such prices or bid amount must always be kept confidential.

4.1.10. Bid rigging can take many forms, but one frequent form is when competitors agree in advance which firm will win the bid.

4.1.11. Associates must never make plain agreements with competitors to divide sales territories or assign customers, as such arrangements are essentially agreements not to compete.

4.1.12. Associates must never coordinate or direct competitor to not undertake business with targeted individual or organization as it amounts to an illegal boycott.

#### **4.2 Dealing with Supplier**

4.2.1 The Anti-trust laws also affect a variety of relationships – those involving organizations at different levels of the supply chain including but not limited to suppliers, distributors, logistics providers, third parties, business partners etc.

4.2.2 Deltafinochem encourages arrangements, provided they are undertaken with an intention to reduce cost or promote efficiencies.

4.2.3 Associates must not enter any formal or informal agreements, with retailers, distributors or business partners, if the agreement prohibits or appear to prohibit the sale of Deltafinochem products to certain sections or types of customers.

4.2.4 Associates must refrain from any vertical arrangements with any suppliers if such vertical arrangement reduces competition among organizations at the same level or prevents new organizations from entering the market.

4.2.5 Anti-trust issues may also arise if Deltafinochem imposes price or non-price restraints up or down the supply chain i.e. in dealings with suppliers or dealers which could be in violation of anti-trust laws.

4.2.6 Deltafinochem has a right to choose its business partners. As permitted by applicable laws, Deltafinochem shall be entitled to enter into exclusive contracts with its Business Partners. However, Deltafinochem associates must refrain from any anti-competitive arrangements or agreement.

#### **4.3. Mergers**

4.3.1. Mergers may benefit competition and consumers by allowing organizations to operate more efficiently.

4.3.2. While entering mergers, Deltafinochem shall ensure that all requirements of Anti-trust and Competition laws are fully complied. Also, Deltafinochem shall make necessary disclosures as mandated by applicable laws and regulatory authorities while entering mergers.

4.3.3. Deltafinochem prohibits mergers and acquisitions when the effect “may be substantially to lessen competition, or to tend to create monopoly.”

4.3.4. The principles provided above are an indicative list and not an exhaustive list of all possible scenarios which could result in violation of applicable anti-trust or competition laws. We ensure that no business practice is adopted which may be in contravention of applicable anti- competition laws and other relevant guidelines.
